Subject: Shiloh Church Removal Phase 2 TD Questions

Afternoon Chris,

I have received the Shiloh Church TD this afternoon. I have a couple questions I hope you'll be able to answer for me. The first one is that the completion date shows 12-21-2021, I believe this to be in error and it should be 12-21-2022. The second is that amendment #4 is only for correcting the SSID to A38Q. Was this the only change anticipated for TD amendment #4?

Thanks,

Nonresponsive based on revised scope
